COMPANY OVERVIEW

Global Tactical Safety & Defense is an integrated security infrastructure company. GTSD helps organizations assess, organize, connect, strengthen and manage security operations as one coordinated system. Most organizations already have guards, cameras, access systems, vendors, training, emergency plans and policies; GTSD helps leadership manage them as one security operation with one point of accountability.

CORE CAPABILITIES

- **Integrated Security Department™:** GTSD coordinates multiple security functions, or the full function, under one operating model and a GTSD Security Director.
- **GTSD Security Director:** advisory, shared or dedicated security leadership covering strategy, oversight, vendor coordination, incident review and executive reporting.
- **Security Assessments:** physical security, access control, surveillance, personnel practices, preparedness, policies, training and vendors, with documented findings and a corrective action roadmap.
- **Consulting and Advisory:** security program development, organizational training and ongoing implementation guidance.
- **GTSD Security OS:** incidents and findings, corrective actions, approvals, dispatch and live map, Push to Talk, secure messaging, clock in with location validation, security assets and role based dashboards.
- **GTSD Academy:** professional security training, including a Maryland approved 12 hour Initial Security Guard Training Program, and GTSD Advanced Security Studies.
- **Secure Your Spot:** a professional network for finding security professionals by location.

OPERATIONAL METHODOLOGY

The GLOTAC Protocol™: Recognize, Assess, Observe, Prepare, Respond, Recover, Reassess.

Corrective action lifecycle: Observation, Evidence, Finding, Risk, Recommendation, Responsible Party, Due Date, Corrective Action, Verification, Closure, Reassessment.

WHAT LEADERSHIP RECEIVES

Executive security briefs, assessment reports, a corrective action register, incident analysis, a 30, 60 and 90 day security roadmap, training gap analysis, vendor coordination reporting and recurring Security Director reports. Deliverables are confirmed in each scope of work.

SERVICE AREA

New Jersey, New York, Pennsylvania, Delaware, Maryland and Washington DC. Other locations considered by scope.

LEADERSHIP

Tunku Rodrigues, Founder and Executive Director. Security strategist, author and instructor; creator of The GLOTAC Protocol™; credentialed Maryland security officer instructor (Maryland Police and Correctional Training Commissions); USCCA certified Firearms Instructor; firearms instructor authorized in multiple jurisdictions; certified Stop the Bleed Instructor. Author of The GLOTAC Protocol™, Safe in the City and The Tactics of Peace.

OFFICIAL RECORD

Maryland Police and Correctional Training Commissions, SG Approved Training Programs list: "ITP Global Tactical 12 hrs", Global Tactical Safety and Defense, approval period November 1, 2024 through November 1, 2027.
